

KAMLOOPS AIRPORT

MEDIA RELEASE

June 5, 2006

Kamloops Airport and the City of Kamloops are pleased to announce an additional daily, non-stop flight to Calgary with Air Canada/Jazz. This new daily flight service, scheduled to begin July 3 will almost double the current traffic volume between Kamloops and Calgary.

This enhancement is one of the most requested enhancements in feedback from the community. This flight will depart Calgary at 1750 (5:50 pm) and arrive in Kamloops at 1815 (6:15 pm). The flight will turnaround and depart back to Calgary at 1835 (6:35 pm) and arrive there at 2055 (8:55 pm). This service will be offered from Sunday through to Friday.

This flight is especially important for the business community who will be able to travel to Calgary and stay overnight for a single night then conduct a full day of business and return home for the early evening. With the single mid-afternoon flight, it was often necessary to stay over for two nights if one had a full day of business to conduct.

From an economic development and tourism marketing perspective, this increased daily service to the Calgary gateway will open the door to Alberta-based investors and visitors and Venture Kamloops, Tourism Kamloops and Sun Peaks will be aggressively promoting this new service immediately.

This additional flight will continue until September 3. Air Canada has examined the market and found that there were sufficient travelers to warrant this two-month test of the market. If sufficient use of the service is found, we can expect this service to continue beyond the summer period.
